A number of Acute Need's team ran in support of Luke Bryan's Luke Forward appeal as the St Helens 10k gathered momentum. Debbie Knox, David Browne, Dave Wiggins, Rachel Dobson, Gemma Woods, Mark Green and Paul Marsh all completed the run after Luke himself kicked off the event Sunday 10th of March.

Steve Prescott MBE said "It was pleasing to see so many people from many different backgrounds taking part in the 10k Run but it gave me the most pleasure to see the support that Luke Bryan received from his team from Acute Need! They are with Luke 24/7 and to give up their own time to raise awareness for Luke Forward is special. They are outstanding people with huge hearts!"
